

HELP WHEN YOU'RE DOWN

CRITICALEVENTS® CRITICAL ILLNESS INSURANCE

***CriticalEvents* is critical illness insurance, underwritten by Transamerica Life Insurance Company, that pays lump sum benefits for specific illnesses.**

Ed, a sous chef, signs up for his employer's critical illness insurance because his dad and grandfather had heart disease. He figures his fondness for steak and watching TV from his recliner isn't helping his health, either.

GET BENEFITS TO SPEND ON WHAT YOU NEED

When Ed has a heart attack and then bypass surgery, he's relieved his critical illness insurance pays a lump sum benefit. He doesn't have to use his retirement savings to cover missed work income, drives to the heart hospital, and medical insurance deductibles.

You can't predict a critical illness like a heart attack or stroke, but you can prepare for the potential financial impact. Critical illness insurance can help ease financial stress with lump-sum cash benefits used however you see fit.

GET THE BENEFITS THAT FIT YOUR NEEDS

Ed's costs add up faster than he expected, so he uses his critical illness insurance benefit payment for costs like:

- Deductibles, co-pays, and his hospital bill
- His plane ticket to a specialized heart hospital
- The mortgage on his house while he's not bringing in income
- Credit card payments and utility bills
- Day care costs for his two kids

Several years later, Ed is offered the head chef position at another restaurant and gladly accepts the new job. He begins paying premiums directly to Transamerica so he can keep his policy.

Keep your insurance when changing jobs by opting to pay premiums directly to us within 31 days of leaving your current job. Let us know you want to continue your critical illness insurance policy, and we'll bill you directly.

THIS IS SUPPLEMENTAL HEALTH INSURANCE. IT IS NOT MAJOR MEDICAL INSURANCE AND DOES NOT QUALIFY AS ESSENTIAL HEALTH BENEFITS OR MINIMUM ESSENTIAL COVERAGE UNDER THE FEDERAL AFFORDABLE CARE ACT.

This is a brief summary of *CriticalEvents*® critical illness insurance, underwritten by Transamerica Life Insurance Company, Cedar Rapids, IA. Policy form series CPC10500 or TCC11000. Forms and numbers may vary. Insurance may not be available in all jurisdictions. Limitations and exclusions apply. Refer to the policy, certificate, and riders for complete details.

Up-to-date information regarding our compensation practices can be found in the disclosures section of our website at tebcs.com.

Additional Benefit	Plan Option 1
Wellness Indemnity Benefit	\$50
Recurrent Critical Illness Benefit Rider	50%

Summary of Benefits

Critical Illness Benefit

Critical illness insurance provides a lump-sum cash benefit which the employee can use however they wish. After the first occurrence critical illness diagnosis, the insured person will receive a lump-sum percentage of the elected benefit amount. The diagnosis must be made after the effective date of the certificate. Percentages for each covered critical illness are shown in the Product Details section of the proposal.

For example, if an employee purchased a benefit amount of \$30,000 and is diagnosed with a heart attack after the effective date, the employee will receive 100 percent of their benefit - a lump sum of \$30,000.

For a different and subsequent critical illness, the insured person will receive an additional lump-sum benefit as long as the diagnosis is made 90 days or more after the last critical illness for which a benefit was paid. If the last critical illness benefit payment under this certificate was less than 100 percent of the applicable benefit amount, we will waive the requirements that the newly diagnosed illness must be medically unrelated and separated by 90 days.

Recurrent Critical Illness Benefit (*Rider Form Series CRRCI500*)

This benefit provides each insured person with an opportunity to receive an additional payment for the same critical illness. The Recurrence Benefit is a percentage of the Critical Illness Benefit amount and the percentage is selected by the employer. A recurrence of the same critical illness must be separated by a 12 month waiting period. For a cancer condition, the insured person must be treatment free for 12 months. Only one Recurrence Benefit will be paid for each critical illness.

If the same employee in the earlier example also had the Recurrent Critical Illness Benefit Rider and undergoes another heart attack two years later, the employee would receive a percentage of their benefit elected by their employer. If their employer chose a 50 percent recurrent critical illness benefit, the employee would receive 50 percent of their \$30,000 benefit amount - \$15,000.

Wellness Indemnity Benefit (*Rider Form Series CRWEL500*)

Transamerica is committed to providing support for out of pocket expenses associated with health screening tests. This benefit can help pay the costs for a screening test for early disease signs and lead to earlier intervention, better outcomes and healthier employees. The benefit is payable once per calendar year per insured person for one of the following health screening tests:

Biopsy	Chest x-ray	Pap test
Blood test for triglycerides	Colonoscopy	PSA (prostate-specific antigen tests)
Bone marrow testing	Fasting blood glucose test	Serum cholesterol test to determine HDL/LDL level
Breast ultrasound	Flexible sigmoidoscopy	Serum protein electrophoresis (blood test for myeloma)
CA 125 (blood test for ovarian cancer)	Hemoccult stool specimen	Stress test on a bicycle or treadmill
CA 15-3 (blood test for breast cancer)	Mammogram	Thermography
CEA (blood test for colon cancer)		

Critical illness definitions

Critical illness - One of the illnesses or conditions listed below positively diagnosed by a physician. It must be based on diagnostic criteria generally accepted by the medical profession, as defined below.

Alzheimer's disease - A clinically established disease diagnosed by a psychiatrist or neurologist which results in the inability to independently perform two or more daily living activities such as bathing, dressing, eating, toileting, transferring or continence.

Coronary artery disease requiring bypass grafts - Coronary artery disease requiring a surgical operation to correct narrowing or blockage of one or more coronary arteries with bypass grafts, as confirmed in writing by a board-certified cardiologist. Angiographic evidence to support the necessity for this surgery will be required. For purposes of this benefit, a surgical operation to correct narrowing or blockage does not include the following procedures: balloon angioplasty, laser embolectomy, atherectomy, stent placement or other non-surgical procedures.

Coronary artery disease requiring angioplasty/stent - Coronary artery disease requiring a balloon angioplasty or other forms of catheter-based percutaneous transluminal coronary artery therapy to correct the narrowing or blockage of one or more coronary arteries, as confirmed in writing by a board-certified cardiologist. This benefit is confined to the heart; therefore, a narrowing or blockage of renal arteries or other peripheral arteries is not coronary artery disease and does not qualify for this benefit.

End stage renal failure - The end stage failure which presents a chronic irreversible failure of both kidneys, and requires treatment by renal dialysis.

Heart attack - The ischemic death of a portion of heart muscle resulting from one or more obstructions of coronary arteries. A positive diagnosis must be supported by either of the following criteria:

1. The presence of three or more of the following indicators:
 - pain, pressure, fullness, discomfort or squeezing in the center of the chest.
 - radiating pain to shoulder(s), neck, back, arm(s) or jaw.
 - new EKG changes indicative of myocardial infarction.
 - diagnostic increase of specific cardiac markers typical for heart attack.
 - confirmed image studies.
2. In the event of death, an autopsy confirmation identifying heart attack as the cause of death.

Summary of Benefits

Major organ failure - The irreversible failure of a heart, lung, pancreas, entire kidney or any combination that a physician determined there is medical evidence to support the complete replacement of such organ with an entire organ from a human donor. It can also be the irreversible failure of an insured person's liver for which a physician has determined that there is medical evidence to support the complete or partial replacement of the liver or liver tissue from a human donor. The transplant need must be due to severe organ disease.

Miscellaneous diseases - The following diseases will be considered critical illnesses when diagnosed by a physician: amyotrophic lateral sclerosis (Lou Gehrig's disease), encephalitis/meningitis, rocky mountain spotted fever, typhoid fever, anthrax, cholera, primary sclerosing cholangitis (Walter Payton's disease) or tuberculosis.

Other specified organ failure - One of the following occurring independently of any other covered critical illness:

- Loss of sight - the total and irreversible loss of all sight in both eyes.
- Loss of speech - the total and permanent loss of the ability to speak.
- Loss of hearing - the total and irreversible loss of hearing in both ears. Hearing loss that can be corrected by using any hearing aid or device will not be considered an irreversible loss.

Stroke - A cerebrovascular event resulting in permanent neurological damage, including infarction, hemorrhage or embolization of brain tissue from an extracranial source. The diagnosis must be based on:

- Documented neurological deficits; and
- Confirmatory neuroimaging studies.

Stroke does not include cerebral symptoms due to:

- Transient ischemic attack (TIA).
- Reversible neurological deficit.
- Migraine.
- Cerebral injury resulting from trauma or hypoxia.
- Vascular disease affecting the eye, optic nerve or vestibular functions.

Invasive cancer - Cancer evidenced by a malignant tumor and tissue invasion. Invasive cancer does not include pre-malignant conditions or conditions with malignant potential, prostatic cancers which are histologically described as TNM Classification T1 (including T1(a) or T1(b), or of other equivalent or lesser classification), and any malignancy associated with the diagnosis of HIV.

Carcinoma in situ - Cancer that stays in its original location, confined to the site without having invaded neighboring tissue.

Prostate cancer with TNM classification of T1 - Microscopic prostate tumors that are neither palpable nor visible on transrectal ultrasonography.

Skin cancer - Basal cell epithelioma or squamous cell carcinoma. Skin cancer does not include malignant melanoma or mycosis fungoides, which are not considered skin cancers.

Limitations and Exclusions

We do not pay benefits for losses caused by, or as a result of, the insured person's:

- Participation or attempting to participate in an illegal activity.
- Intentionally causing self-inflicted injury.
- Committing or attempting to commit suicide, whether sane or insane.
- Involvement in any period of armed conflict.

Under no condition will we pay any benefits for losses incurred prior to the effective date.

Portability option

If an employee loses eligibility for this insurance for any reason other than nonpayment of premiums, insurance can be continued by paying the premiums directly to us at our administrative office within 31 days after termination. We will bill the employee directly once we receive notification to continue this insurance.

Termination of insurance

Employee insurance will terminate on the earliest of:

- The date the group master policy terminates, subject to the portability option.
- The date an employee ceases to be eligible for insurance.
- The date of the employee's death.
- The premium due date on which we fail to receive the employee's premium.

Dependent insurance will terminate on the earliest of:

- The date the employee's insurance terminates.
- The premium due date on which we fail to receive the employee's premium.
- The date the dependent no longer meets the definition of dependent.
- The date the group master policy or certificate is modified to exclude dependent insurance.

We may end the insurance of any insured person who submits a fraudulent claim under the policy. Termination of the employee's insurance will not affect any claim which begins before the date of termination.

Termination of the group master policy

The group may end the policy on any premium due date by submitting a 60-day advance written notice. A group policy will not continue if it drops below the minimum required participation. The group master policy will be terminated and insurance of all remaining insureds will end, subject to the portability option.

Other insurance with us

An employee can only have one critical illness policy or certificate with us. If a person already has critical illness insurance with us, such person is not eligible to apply for this insurance.
